

**Provo City School District**  
**Policy Series 3000: Students**

**Policy No. 3310**

**Safe Schools Policy**

The Provo City School District Board of Education adopts the policies and procedures set forth herein to create an orderly and safe place for each student to learn. This means that each school will have a positive learning environment free from violence, intimidation, drug use, and harm from individuals, groups, gangs, and criminal gang-type behavior, and any other type of behavior or activity that disrupts the orderly and safe operation of the schools. To foster such an environment each student is expected to follow accepted rules of conduct and to show respect for other people and obey persons in authority. Behaviors, which disrupt the orderly and safe learning environment, are prohibited in the city's schools. The Superintendent is directed to create procedures that ensure a safe and orderly school environment is maintained at all times.
