Wednesday May 18, 2016

1. Welcome
2. Attendance:
 - a. Present: Whitney, Christel, Brooklynn, Brad, Megan
 - b. Absent: Martell, Kyle, Traci
3. School improvement plan
 - a. The Provo School Board denied the first school improvement plan because the goals weren't specific enough.
 - b. Megan and Brad reworked the school improvement plan and submitted it to the director of School Land Trust money for the district who said the goals needed specific numbers for goal measurements.
 - c. Megan and Brad added numbers to the goals and resubmitted it. The school board approved the plan, and we now wait to hear what the state says.
 - d. There was no re-vote since the goals didn't change in substance and Megan was told by district administration that a re-vote wasn't necessary. There was only one day to revise the plan.
 - i. Given this information, Megan decided to move forward without a vote and without the council being aware.
 - e. If the plan is not approved by the state, the community council has one chance to revise and resubmit.
 - f. Megan will e-mail all community council members with the updated school improvement plan.
