

Provo City School District
Policy Series 3000: Students

Policy No. 3413

Communicable Disease

The Provo City School District recognizes that controlling communicable disease in the school setting is of utmost importance. Providing a safe, comfortable, and healthy environment facilitates the educational process, encourages social development, and allows children to acquire healthy attitudes toward organized settings.

The Board directs the Superintendent or designee to develop safe, effective, and practical procedures for addressing communicable disease to ensure a safe and healthy school environment for students and employees at all times.
