

Provo City School District
Policy Series 1000: Board of Education

Policy No. 1700

Compensation and Benefits for Board Members

As permitted by Utah State law, members of local school boards of education are permitted to receive a small amount of compensation for their services. Board members are also eligible to receive benefits through the district.

Compensation-Honorarium Board member compensation is \$480 per month. This nominal amount is not intended to be a salary, but rather to offset family care and other time impositions on board members as they fulfill their responsibilities of the office.

Technology and Connectivity Technology necessary to perform board-related duties will be issued to each board member. Normally, this would be in the form of a laptop/desktop/tablet. A monthly connectivity allowance may also be requested by a board member who does not otherwise have connectivity.

Medical Benefits Medical benefits are available to board members at a rate similar to employees in the district. Individual, two-party (spousal), or family benefits may be selected by board members per individual circumstances.

The compensation and benefits in this section will be in addition to reimbursement for allowable expenses.

Board members may choose not to receive any/all of the items noted in this policy by notifying the superintendent in writing.

Approved by Board of Education: November 12, 2013
Revised: August 11, 2015
