

Provo City School District
Policy Series 4000: Curriculum, Instruction, Assessment

Policy No. 4151

Interscholastic Athletics and Activities

Provo City School District recognizes the benefits derived from promoting student participation in school activity programs. To ensure the effective management of competitive activity programs, procedures have been developed for regulating the maintenance of existing competitive activity programs and the introduction of new programs as interest increases. In accordance with outlined procedures, schools may introduce new competitive activities sponsored by the Utah High School Activities Association (UHSAA) and approved by the Region Eight Board of Managers.

The Board directs the Superintendent to develop procedures which will facilitate the regulation of both existing and newly introduced competitive activities in schools.
