

**Provo City School District
Policy Series 3000: Students**

Policy No. 3118

Open Enrollment

It is the policy of Provo City School District to support and promote student choice of a school or program when that choice does not negatively affect the resident school and/or the receiving school. To manage the policy for open enrollment, procedures have been outlined regulating school capacity for transfers, transfer requests, and standards for student transfer applications.

The Board directs the superintendent to develop procedures for managing open enrollment in order to facilitate student choice while maintaining orderly staffing and scheduling plans, and an orderly atmosphere in schools.
