

Provo City School District
Policy Series 3000: Students

Policy No. 3160

Non-Utah Resident Students

Provo City School District requires that non-resident students seeking to enroll within the district fulfill specific requirements, in accordance with Utah state law. Students whose parent(s)/guardian(s) reside outside of Utah may be considered residents if they fit within specific circumstances. Non-resident students are required to pay a tuition fee at least equal to the per capita cost of the school program.

The Board directs the Superintendent or designee to develop procedures necessary for determining the enrollment of non-resident students within the district.
