

Provo eSchool

Community Council Meeting

January 21, 2020; 5:00 p.m./via Zoom

Attendees: Megan Dunnigan, Gaby Durrant, Anna Konneker, Heather Ambler, Clint Smith, Katie Willson

Excused: N/A

AGENDA/Meeting Minutes

A. Welcome:

1. Bring meeting to order: Anna (chair)
2. Reminder of the rules/procedures of meeting: Anna (chair)

B. Review of 2020/2021 School Improvement Plan

1. What is the progress towards the goals, action steps...
 - Revise the goals/plan for this year as eSchool has changed since the plan was adopted- **goals for participation; goal to have 50% logon and do something every week?? Secondary participation numbers are hovering around 50%; Math- i-Ready BOY and EOY; DIBELS BOY and EOY**
 - Ideas for the revisions/work towards new plan for 2021/2022 plan- **Keep goals the same, except for Goal #3- field trips; parent survey about engagement, program usage, etc. Engagement is hard because there is lots of text- hard to get students engaged. Using Brainpop to engage students in the K12 program. Send this info to all teacher- parents as well. Send ideas to parents about how to get students engaged. Is there any way to check progress as a parent more often than each month? get the email before the due date? Is there a way to send notifications to parents whose students are not engaged during a week? Teachers send out an email weekly if they have P-1- Deanna Perry- contact and get the progress ideas she send out weekly. Video tutorial how to check progress in K12.**
 - How to include the P-scores as part of the adjustment for Covid-19? **Mesh these P-scores into the engagement goals**

C. Digital Citizenship Discussion:

1. Brainpop was purchased and access given to all eSchool teachers- **teacher access and parent access- need to have this so that it can be used for applicable subjects- set this up for all programs**
2. Discussion on what resource(s) we would like to use and how as eSchool to drive this awareness campaign- how should we ask teachers to use the Brainpop program? Should it be a required part of their eSchool teaching? **Made Brainpop available for use- email parents or post it on the eSchool website- work on this with Megan- not mandatory; teachers send it out**

D. Appropriate Expenditures for eSchool Community Council- **make sure teachers are sending info to all parents about supplemental programs- Clint create and send monthly eSchool newsletter**

- Brainpop was purchased- Digital Citizenship
- Rosetta Stone was purchased- ELL student resource
- Generation Genius was purchased- Science resource-
- IXL was purchased- Math and Reading

I. Read State Document:

[School LAND Trust Program Appropriate Expenditures for the 2020-2021 School Year](#) – Purchased as noted above- Generation Genius- look into this for our schools to address struggling students in science

2. Start discussion on how to expend the funds we are given/have:

E. Action Items/Calendar Items Upcoming

1. Bring ideas for plan and expenditures for eSchool to next meeting- **Outschool programs- online type field trips or classes ; DIY; Katie and Heather to look into virtual ideas**

2. Replace John Christensen as council member- be thinking of someone who we might nominate to replace him- **Heather will approach a parent**

2. Next meeting: February 25, 2021

3. Adjournment: Motion 1- **Clint Smith**; Motion 2- **Heather Ambler**; Vote- **5-0 in the affirmative**
