**Policy No. 7060**

### **Visitors to District Schools**

#### **Policy 7060**

It is the goal of the Provo City School District Board of Education to provide a safe and exceptional educational experience for all students, employees and visitors. Recognizing the positive impact that family and community involvement has on a student's success, the Board's paramount concern is to provide a safe and inviting environment, in which disruptions to instructional time are minimized. To balance these concerns, processes must be in place to identify school visitors and designate the time, place and manner in which persons should visit District schools.

As such, the Provo City School District Board of Education directs the Superintendent to create and implement procedures that will administer this policy and enhance the safety of students, employees, and visitors while maintaining a safe, welcoming environment in all District schools.
