

# ADDENDUM NO. 2

June 11, 2021

TO THE PLANS AND PROJECT MANUAL FOR

## Provo Peaks Elementary Re-Roof

Prepared by:

**233 South Pleasant Grove Blvd. Suite 105**  
**Pleasant Grove, Utah 84062**  
**(801) 769-3000 Office**  
**(801) 769-3001 Fax**

This addendum is hereby made a part of the contract documents. It shall be the responsibility of each contractor to notify his subcontractors of the contents of this addendum. In case of conflict between drawings, specifications and the Addendum, this Addendum shall govern. All changes, corrections, deletions and/or additions to the initial bidding documents shall be included in the bid.

# ADDENDUM NO. 2

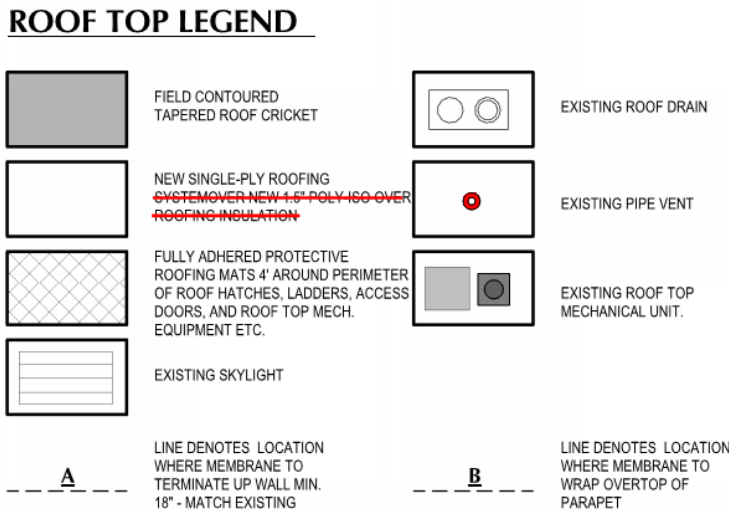

June 11, 2021

## General Items:

1. **Builders Risk Insurance not required:** The contractor will not be required to provide builders risk insurance. However, the contractor will be required to provide standard general liability and workman's compensation insurance.
2. **Construction Completion Date:** No later than **November 15, 2021.** That being said the district hopes to have the project complete as soon as possible.

## Architectural Items

1. **Sheet A001 Sheet Note 1.01 & Roof Top Legend** – Delete 1.5" poly-iso roofing insulation from the roof top legend. Per image below. The intent of this project is to replace the membrane not the roofing insulation. That being said per Addendum 1 that is now on the districts website we do ask for a unit price for insulation if you encounter damaged insulation that needs to be replaced. If that happens the unit cost will be used to determine the change order based on the amount that needs to be replaced.

2. **Existing Roof Decking** – As a matter of clarification the existing school has metal deck as the roof structure. There may be some concrete pads under mechanical units, but the structure is all metal deck.
3. **Existing Roof** – As a matter of clarification the existing roof is mechanically attached

**END OF ADDENDUM**
