4TH QUARTER HAPPENINGS

There is a lot happening during the 4th quarter of school, including school ending. We encourage students and families to work hard during the last weeks of school. Summer Break will begin on May 28. However, before that date, lots of things are happening.

From end-of-year testing, to field trip opportunities, school parties and celebrations- all sorts of activities are taking place during the last nine weeks of the 2021-2022 school year. Note: there is no Summer School for eSchool students in grades K-8.

Please pay close attention to the calendar items in this April issue of the eSchool newsletter and please contact the office if you have any questions.

Thank you for being one of our eSchool patrons- we appreciate the opportunity to serve students who have decided to do their school work at home, for whatever reason. We welcome you back again for the 2022-2023 school year that will begin in August, 2022. Please contact the office for eSchool enrollment information for the upcoming school year.

Provo eSchool Ideals: Principal Message

By: Clint Smith- eSchool Principal

Provo eSchool is an attractive alternate educational source for students and their families looking for an alternative to the regular school experience. We serve students from all over Utah and welcome students in K-8 to enroll in our program. Sometimes students need a different view of their lives, including how they receive an education. Come explore what Provo eSchool has to offer and see if your student might be a good fit for our program. For more information, contact the eSchool office today.

"eSchool is designed for students who are looking for an alternative to regular brick and mortar school- we welcome all!!"
