

## eSchool Participation and Attendance Expectations

**\*\* Please read before completing the registration form\*\***

eSchool has participation and attendance expectations, just the same as a regular school. Students are expected to login and work on their curriculum daily. Participation scores are given to each student every Friday. A P0 score is given to students who do not participate in their school work during a given week. P1 scores are given if students do minimal work, P2 for students who do the expected work each day, and P3 scores are given to students who go beyond expectations.

**10-day Drop:** Any student receiving P0 scores for two (2) consecutive weeks will have their eSchool account locked. Parents/guardians will be contacted to inform them of the account lock. If a parent/guardian does not contact eSchool the week following an account lock, the student's eSchool enrollment will be dropped, and the student will not be allowed to re-enroll in eSchool. Please be sure your eSchool student(s) are logging in and doing their work daily as expected.
