

Timpview High School Career Pathways 2022-2023

Career Pathways are a roadmap to a student's educational and career goals. Focusing on a career pathway helps students tailor their learning to their individual interests and abilities. Career pathway completers receive a certificate and an area cord that is worn at graduation as recognition of their achievement. Pathway completion can be included on resumes, college applications, and scholarship applications.

The concentrator course with an asterisk * must be taken to complete the pathway. Students must complete 3.0 credits of course work with C grade minimum in a specific pathway to be considered a pathway completer.
