Annular Eclipse Coming to Utah

Did you know that an Annular Solar Eclipse is coming to Utah? An Annular Solar Eclipse happens when the Moon passes between the Sun and Earth, but when it is at or near its farthest point from Earth. The Annular Solar Eclipse will occur on October 14, beginning at 10:24 a.m. in Utah. During the eclipse, the Moon's shadow will be moving at 3,897 mile per hour!! eSchool has a pair of eclipse glasses available to view the eclipse- just come by the office and pick up a pair for your student.

BrainPOP Digital Literacy/Other Topics Program

BrainPOP is available to all students in eSchool. Please see the Digital Literacy section under Social Studies to teach your students about appropriate internet use and safety. There are myriad lessons and topics to choose from, including Science, Health, Math, Reading and Writing, Social Studies, Arts and Technology, and more. Please see the email sent to your account on how to login to BrainPOP and start exploring today!! Let eSchool know if you have any questions. This is a free program for all eSchool students and is optional to use.

Coursework or Login Questions??

If at any time you have questions about K12 coursework or if you have login issues, please contact eSchool by phone, email, or in person by coming to the eSchool office. We are here to help with your online class needs. Reminder, students should be working daily on their coursework and if you are going to be gone for an extended period of time on vacation or somewhere else, let us know so your student's courses will stay activated.
