This RFP is designed to provide interested Suppliers with sufficient basic information to submit proposals meeting minimum requirements but is not intended to limit a proposal's content or exclude any relevant or essential data. Suppliers are at liberty and encouraged to expand upon the specifications to evidence service capability under any agreement.

All proposal preparation costs and any associated activities related to this RFP are the sole responsibility of the Supplier. PCSD is not liable for any costs incurred throughout the entire selection process.

For foods that are unprocessed, agricultural commodities must be domestic, and for foods that are processed, they must be processed domestically using domestic agricultural food components that are comprised of over 51 percent domestically grown items, by weight or volume. Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States.

For compliance and auditing purposes, **the PCSD Child Nutrition Program requires in writing from the Supplier delivery invoices and receipts identifying the country of origin as being the United States or its territories, and in the case of a non-domestic product, a limited exception. Limited exceptions are limited exceptions to the Buy American Provision which allow for the purchase of products not meeting the**

- "domestic" standard (non-domestic) in circumstances when use of domestic products is truly not practicable.
- b) Federal Code 2 CFR 200.321 Buy American Provision supports local and small businesses. The Supplier must take all necessary affirmative steps to assure that Local, Small, Minority, and Women–owned business enterprises and labor surplus firms are used when possible.
  - c) Federal Procurement Regulations 7 CFR 210.21, 215.14a, 220.16, 225.17, 226.22, and 250.4(d) direct Child Nutrition Program operators to comply with procurement requirements as outlined in those parts. Undocumented (illegal immigrant) labor is not allowed to work on PCSD property.
  - e) Per Appendix II to 2 CFR 200 Clauses, offers will not be solicited from, contracts will not be awarded to, and existing contracts will not be renewed or otherwise extended for any Proposer in *Debarment or Suspension*. Proposers must submit certification that neither it nor its Principals are presently or within the past ten (10) years debarred, suspended, proposed for Debarment, declared ineligible, or voluntarily excluded from soliciting work by any governmental department or agency. The Proposer must also certify that it has not been terminated during the performance of a contract or withdrew from a contract to avoid termination. If the Proposer cannot certify these two statements, the Proposer shall submit a written explanation of the circumstances for review by the PCSD. These certifications shall be submitted with the Proposer’s RFP.
  - f) Per Appendix II to 2 CFR 200 Clauses, the *Byrd Anti-Lobbying Amendment* prohibits the use of appropriated funds by recipients of a “Federal contract” for purposes of influencing or attempting to influence Federal officials with the awarding of a Federal contract, grant, or any other Federal award. The Supplier certifies that it has not used and will not use Federal appropriated funds to pay any person or organization for influencing or attempting to influence various government officials in making certain Federal awards.

- g) Consistent with Federal Code 2 CFR 200.320, all contracts must be awarded to responsive and responsible Suppliers. Price must be the primary factor when evaluating bids and proposals; however, contracts shall be awarded to the lowest bid or proposal most advantageous to the Program.

- c) Supplier will accept liability for doors left open, loss of product, or theft if building is not secured after departure;
- d) Supplier will take responsibility for any damages to building(s) or property caused by trucks and/or drivers.
- e) Liquidated damages as appropriate;
- f) As per Force Majeure, an "Act of God" or an extreme natural, unforeseeable event such as disease, drought, flood, frost, or harsh weather presenting challenges to the produce industry that no person has any control of may necessitate reasonable price adjustments. Therefore, in a time of product shortage or crop failure due to an "Act of God", the Supplier will contact the PCSD Child Nutrition Program through certified mail explaining the shortage (and including documentation to substantiate the extreme circumstances) and the need to re-negotiate pricing of effected product(s) within a reasonable amount of time, not to exceed thirty (30) days of the known shortage. The bid will be re-evaluated enacting Force Majeure, "Act of God" clause. However, if unauthorized
