

## **P-score Information** **eSchool K-8 Students**

\*\* P-scores beginning in August 2024 will consist of **P0 or P2** scores. The first date P-scores are given is August 23, 2024. The participation guideline is as follows:

Students must log in to their online classes, complete the expected amount of work for a given week, and/or contact their teacher during each 5-day period (Monday-Friday). Parents/guardians of students who receive a P0 score any given week will be notified by eSchool.

### **Parent/Guardian Notifications**

Each week (5 school days), students will either receive a P0 score, which means they did not login, complete work, or contact their teacher during the 5-day period; or they will receive a P2 score, which means they did login, completed work, and/or contacted their teacher during the 5-day period.

- If a student receives their first P0 score, eSchool will text and email the parent(s)/guardian(s) of the student to inform them of the P0 score(s) and that there is an attendance concern.
- If a student receives a second consecutive P0 score, eSchool will email and text the parent(s)/guardian(s) of the student to inform them of the P0 score. A Ten Consecutive Day Notice will be sent, which will include a compulsory education or truancy notice.
- If a student receives a third consecutive P0 score, eSchool will email and text the parent(s)/guardian(s) of the student to inform them that the student has received a third P0 score. A student may be withdrawn from eSchool based upon the state's 10-day absence policy. The following information will be included in the parent communication from eSchool:
  - Dates of student absence/non-participation (P0 scores);
  - School's attempts to contact parents/guardians;
  - An explanation of the obligation the district has to withdraw the student (According to Utah Administrative Rule, a student must be withdrawn after ten (10) consecutive days of unexcused absences ([R277-419-5](#)); and
  - The district will be sent a copy of this notice.

### **Important Notes:**

- The administration may excuse absences if there is an approved and documented reason to do so.
- Any student with an IEP may not be withdrawn without approval from the eSchool Principal **and** District Special Education Director.
- Any student with a 504 may not be withdrawn without approval from the eSchool Principal
- All efforts to contact families through text, email, letter, phone call, or home visit must be documented in Powerschool by the teacher (if they have tried contacting the families) and by administration.
