Provo High School Career Pathways Class of 2025

Career Pathways are a roadmap to a student's educational and career goals. Focusing on a career pathway in high school help a student to tailor their learning to their individual interests and abilities. Career Pathway Completers receive a blue cord that they can then wear at graduation as a recognition of their achievement. A student's pathway completion can also be included on a student's resume, college application, and scholarship applications.

The following is a list of Career Pathways offered at Provo High School.

All Pathways require 3.0 credits in the courses listed under the pathway.
At least one course with an asterick* must be taken for full credit in the course in order to complete the pathway.
