

Health Requirements and Services: Medical Treatment
Policy Series: 3000 Students

Policy No. 3416

Overview

Provo City School District seeks the safe and appropriate administration of **medical treatment and** medication to students in the rare cases in which ~~medication~~ **such treatment** must be given during school hours. To see that **medical treatment** medication is administered safely in these cases, procedures have been developed to determine that ~~medication to be administered~~ **treatments are carried out appropriately within the guidelines of state law and district policy.** ~~is appropriately recorded, labeled, and stored in a locked location; that parent(s)/ guardian(s) provide appropriate information and documentation regarding medication; and that any staff members giving medication are given any necessary training by a school nurse.~~

The Board directs the Superintendent to develop procedures which will ensure that **medical treatment** medication is administered safely and only in approved circumstances.

School Consent to Medical Treatment

The school in which a minor student is enrolled may consent to medical treatment of that student, provided:

1. The person having the power to consent as otherwise provided by law cannot be contacted.
2. Actual notice to the contrary has not been given by that person.

Form of Consent:

Consent to medical treatment under this policy and its accompanying procedures shall be in writing, signed by the school official giving consent, and given to the doctor, hospital, or other medical facility that administers the treatment.
